An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ken Plochinski on December 21, 2007.

The application has been amended as follows:

In the claims:

In claim 30, line 7, the word "tune" has been changed to – time --.

In claim 38, line 3, the word "tune" has been changed to – time --.

These changes were made to correct typographical errors.

The following is an examiner's statement of reasons for allowance: Claims 1-41 define over the art in that none of the art selects a predictor from amongst a plurality of possible predictors based on the level of entrainment, In combination with the other claim features. The examiner notes that the current specification states that the predictor is selected that is most indicative of a seizure (see paragraphs [0024], [0067]). It is clear throughout the specification that the higher the entrainment, the more likely the seizure. Hence, the predictor is chosen based on entrainment levels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ROBERT L. NASSER whose telephone number is (571)272-4731. The examiner can normally be reached on m-f 9-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles Marmor II can be reached on 571 272-4730. The fax number for the organization where this application or proceeding is assigned is 571-273-8300.
